The group performed Wednesday evening and will be featured again at 9 p.m. Saturday. Rehearsing are, from left, Tracy Asher, Allen Young, Kyle Jackson, Jeanie Vaughn, Terry Mink, Tracy Gregory, Alan Steele, Sheri Mink, Jena Hawes, Linda White, Jamie Jones, Andy Contreras, Edwin Wheat and Wayne Wheat. Not pictured are Jan Ford, Brett McCracken, Elaine Carlton, Stephanie Hymer and Paul Reynolds. Within this group, several of the singers are grouped together to perform as Reflections, The New Image and Sunshine. These are also featured in the performance. The appearance of the youth is by invitation of Hamlin's Bicentennial committee, to represent Hamlin at the Fair.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Today is the day that you need to take time out to vote in the school bond election. We hope that you will find it to be of the best interest of yourself and the school district to vote for both propositions on the ballot but regardless of how you wish to vote it is very important that you do vote.

In several issues of this column we have tried to point out the need for this building program and that in the long run this is the best program for our district. If this bond election fails there will just have to be another one called and I just don't see how the price tag can be lowered enough to make much difference without eliminating some of the more desirable features of this issue.

As we tried to point out earlier, it would seem to us that very much delay could cause inflation to eat up much of the savings that could be found by eliminating some of the smaller items from this proposal. It would appear to us that the board could cut out the air conditioning project, the new band hall, the high school resource center and still not come up with a bond issue that would not cost nearly as much as this one as far as the amount of tax increase it would take to pay for it.

To make a really sizable dent in the amount of bonds needed would require the elimination of the auditorium, the physical education plant and the vocational training center. And we just do not think that this is what the people of Hamlin really want.

But regardless of how you feel about this issue, please go to the polls today and express yourself. This issue should be settled by all the registered voters and not by just a few. Even if the issue fails, the board can not get a true sense of direction if only a handful of voters turn out.

Remember you have until 7 p.m. tonight (Thursday) to register your feelings on this issue. So Please Vote!

The day that Hamlin football fans have been waiting on since last fall finally arrived Friday night and we got another football season underway. And the Pipers got off to a good start with their 21-7 victory over their longtime rivals, the Yellowhammers.

From our spot on the sidelines, the team looked very good in their season opener. They made mistakes that probably cost them some touchdowns but still they

Local Youth to Sing At WT Fair Saturday

Hamlin is being represented at the West Texas Fair in Abilene this week by the youth singing groups from First Baptist Church, under the direction of Lynn Mink.

The youth, upon invitation of Hamlin's Bicentennial committee, is performing twice, the first performance being last evening (Wednesday).

The next performance will be at 9 p.m. Saturday. The selections being presented on the huge stage are patriotic and sacred.

Appearing are the Reflections, Elaine Carlton, Stephanie Hymer, Kyle Jackson, Terry Mink, Paul Reynolds and Alan Steele; The New Image, Terry, Sheri and Gary Mink; and Sunshine, Jamie Jones, Sheri Mink and Linda White.

These singers also join with Tracy Asher, Andy Contreras, Jan Ford, Tracy Gregory, Jena Hawes, Brett McCracken, Jeanie Vaughn, Edwin Wheat and Wayne Wheat to perform as the Sound of Celebration.

Allen Young operates the sound equipment and Mrs. Lynn Mink plays the electric piano.

Bake Sale Set

Beta Theta Chapter of Beta Sigma Phi will have a bake sale Saturday beginning at 9 a.m. in front of Piggly Wiggly supermarket.

Cakes will be \$5 and pies will be \$2.50. Special orders may be placed with Mrs. Randy Brown, 576-2612.

Visiting Mrs. Tom Routh last week were Mrs. Grace York and son, Gene, and grandsons, Terry and Darrell, all of Greeley, Colo.

Booster Club Sets Sept. 26 Barbecue

The Pied Piper Booster Club will serve a barbecue dinner Friday evening, Sept. 26, before the Cisco-Hamlin football game, according to Johnny Steele, club president.

The dinner will be served from 5 to 7 p.m. in the high school cafeteria. Proceeds will be used toward recent projects of carpeting the field house at Piper Stadium and new weight equipment purchased in the spring.

Other 1975 officers are Mrs. Bob Craig, vice president; James E. Rodgers, secretary-treasurer; Robert Moore, Robert Phariss, Archie Tomlinson and Mrs. Harold Nelson, directors.

Tickets will be placed on sale this week, Steele said.

School Bond Vote Set Today In Gym

Hamlin voters will go to the polls today (Thursday) to decide the fate of two bond proposals of the Hamlin Independent School District. The first proposal to be voted on by local voters will be for \$1,250,000 for school construction and the second proposal will be for \$75,000 for the construction of a track.

Voting will be held at the Public School Gymnasium and will start at 8 a.m. and close at 7 p.m. All registered voters living within the School District are eligible to vote on the two proposals.

The building program would include a new middle school, complete with a

physical education plant and a vocational education facility, a 900-plus seat auditorium which would include a new band hall to serve both the new middle school and the high school; air conditioning of the three older buildings (elementary, primary and Early Childhood Development Center); and converting the high school patio into a resource center.

The new middle school would be located on the property owned by the district that is now being used for the Little League Ballpark. The auditorium would be located between the high school and the new school building to serve both units.

According to Tommie J. Huckabee with the Andrews based architectural firm of Rihard and Huckabee, the complete new middle school complex is estimated to cost about \$1,050,000, the auditorium and band hall is expected to cost about \$550,000, the air conditioning

All officers are urged to attend.

Phone Directories At Herald Office For Reference Use

Some misunderstanding has developed concerning the telephone directories placed at the Hamlin Herald. The Texas directories are for reference only to be used by the public in the Herald office.

Current directories for Hamlin which were mailed to telephone subscribers in July are not being distributed at the Herald office.

Some of the cities included in the reference directory collection are Dallas, Austin, Fort Worth, Houston, Odessa, Midland, San Angelo, Waco, Lubbock, Slaton, Corpus Christi, Amarillo-Canyon, Abilene, Longview, Tyler, El Paso, and San Antonio.

project is estimated to cost \$100,000 and the remodeling of the high school is expected to cost about \$50,000.

The total project is estimated to cost \$1,750,000 with monies collected from insurance on the buildings destroyed in the March fire making up the difference between the project cost and the amount of the bonds.

The 20-year bonds will call for a 3-cent tax increase, with the track proposal calling for an additional 2 cents. Based on this, property within the district with a market value of \$10,000 would

have a tax increase of \$18.00 per year. Property valued at \$15,000 would have a tax increase of \$27.00 per year and \$20,000 property would increase by \$36.00.

If the voters approve both propositions, the tax increase caused by the \$75,000 bond issue would be 20 cents a year for each \$1,000 of assessed value.

At the present time the district has put the eighth grade students in with the high school and the sixth and seventh grade students are using the building planned as an Early Childhood Development Center.

Eighth Grade, JV's Play At Haskell, B Team to C-City

The varsity game here Friday night will be the only home game this week as the Hamlin junior varsity and eighth grade teams will travel to Haskell and the B team will travel to Colorado City.

The eighth grade game will start at Haskell at 6 and will be followed by the JV's at 7:30. The game at Colorado City will start at 6:30.

Last week in their openers the B team lost to Rotan, 22-0, and the JV's lost to Abilene Christian High School varsity, 30-0. This will be opening game for the eighth grade.

Rotary Club

Sets Supper

Here Oct. 3

The Hamlin Rotary Club will host a Spaghetti and Meat Supper Friday, Oct. 3, preceding the Anson-Hamlin football game.

Serving will begin at 5 p.m. in the high school cafeteria and continue until 7 p.m.

Advance tickets are \$2. The meal will include spaghetti and meat, salad, dessert and drink. Bill Rountree is ticket sales chairman.

More than 325 persons were served at last year's annual event.

Pipers to Host Haskell Friday

The Pipers will play their first home game here Friday night when they host the Haskell Indians with the kickoff set for 8 p.m. The Pipers will be looking for their second win of the young season while the Indians will be trying for a comeback from their 47-13 loss to the Anson Tigers.

Hamlin scouting reports indicate that the Indians have a much better team than their score with the Tigers would indicate. Mistakes proved costly for Haskell as they gave up the ball six times on five fumbles and a pass interception. Mistakes and penalties plagued the Indians in the first half and Anson took advantage to build its 21-0 cushion.

Because of the Indian mistakes, the Tigers ran only three offensive plays from their own end of the field in the first half.

Commenting on his own game that was also plagued by fumbles, Coach David Bonds said that he was more than pleased with the way his team played against Rotan

(175 pounds) at the tight end positions, Eddie Medford (165 pounds) and Larry Jackson (180 pounds) at the two tackles, Jamie Mickler (178 pounds) and George Brown (160 pounds) at the two guard spots, and at center will be Les Lane (172 pounds).

In the five-man defensive line will be Jessie Billington (175 pounds) and Johnny Hawkins (160 pounds) at defensive ends, Les Lane (172 pounds) and Jamie Mickler (178 pounds) at defensive tackles, and George Brown (165 pounds) at nose guard.

Middle linebackers will be Rex Pittman (180 pounds) and Johnny Larned (165 pounds), at the corners will be Frank Jordan (153 pounds) and James Wilson (140 pounds) and at safety will be Randy Phemister (182 pounds) and Cris Love (162 pounds).

In other district 6-AA action last week Ballinger defeated Brady, 20-7, Breckenridge downed Stamford, 21-6, Coachman defeated Reagan County, 13-6, Colorado City won over Slaton, 14-13, and Clyde defeated Winters, 33-0.

NEW ADDITION TO SCHOOL FOYER—Miss Mary Esco, left, and Miss Dora Mitchell, class sponsors for the Seniors of 1975, are shown with the new addition to the high school foyer, a gift of the 1975 Class. The brass poles and white naugahyde rope mark the Piper emblem at the main entrance.

Girl Scout Leaders Hold Meeting Here

A service unit meeting under the direction of Lynn McKinney, field representative of West Texas Girl Scout Council, Abilene, was held Monday in the home of Mrs. Johnny Waldrop, Hamlin service unit chairman.

Six Brownie and Girl Scout troops have been organized and about 70 girls in the first through sixth grades have registered.

Troop leaders made plans for making a float for Homecoming and the upcoming Girl Scout calendar sale. The Girl Scout Hut is being remodeled with new wallboard by Gary Finley and his vocational agriculture class. Luther

Haught is remodeling chairman.

Brownie leaders are: First grade, Mmes. Ken Prewit, Johnny Hilliard, Charles Brumley; second grade, Mrs. Thomas Welch, Johnny Waldrop; third grade, Mmes. Carl Corlee, Sam Mack Hodges, Ronnie Lincoln.

Junior Girl Scout Leaders are: Fourth grade junior, Mmes. Curtis Payne, Don J. Allen, Dan Schuetze; fifth and sixth grade, Mmes. Gary McMillan; sixth grade, Mmes. Roy Tom Watts, Judy Ford.

The next service unit meeting will be a salad luncheon and arts and crafts workshop Oct. 6 from 10:30 a.m. to 1:30 p.m. in the Jaycees Community Building.

Pipers Open Season With 21-7 Victory Over Rotan

Three lost fumbles kept the Pipers from turning their opener Friday night against the Rotan Yellowhammers into a runaway. The Pipers combined a strong running attack with a solid defense to overpower the Yellowhammers, 21-7, at Rotan.

The Piper running game rolled up 316 yards as their big fullback Delbert Thompson ripped the Rotan defense up the middle and their two fleet halfbacks, Daniel Willis and Robert Phariss, ran the Wishbone option to near perfection. Thompson was the night's leading ground gainer with 165 yards in 27 carries. Willis carried 18 times for 126 yards and Phariss added another 38 yards on 9 carries.

The Piper defense held the Yellowhammer rushing attack to only 37 yards, but the strong passing combination of Frank Lopez to Kim Gray was good for nine completions and 128 yards. Lopez completed 10 of 22 passes for 135 yards, but lost two interceptions to the Piper defense to mar his night's work.

The Piper offense seemed to move the ball at will against the Yellowhammers only to have would-be touchdowns stopped by fumbles and penalties. The Pipers lost three fumbles inside the Rotan 20, with one lost at the two, one at the eight and one at the 20.

The Pipers took the opening kickoff with Phariss returning it 29 yards to the Rotan 48. Two plays later the Pipers owned a first down on the Rotan 16 but then were struck by the first fumble as Thompson lost control of the ball at the Rotan eight.

Rotan picked up only five yards in three plays and punted out to the Rotan 48. It took the Pipers five plays to cross the goal line with Willis taking the option pitch from Quarterback Gerald Rodgers in from the five. Phariss carried once for 13, Willis twice for four and five yards and Thompson twice for seven and 19 yards. Willis kicked the point after to give the Pipers a seven-point lead with seven minutes left in the first period.

Following the kickoff the Yellowhammers put their passing attack into action and crossed into Piper territory to the 49 before Raymond Jordan picked off a Lopez pass from his corner position

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (SJR NO 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the residential homesteads of persons at least 65 years of age and the political subdivision may increase this amount.

The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

eight-yard loss trying to pass. Facing third and 15, the Pipers ran the option to Willis and the speedster picked up the first down with a yard to spare. Thompson carried for three, Rodgers had a pass go incomplete and Willis picked up three. With fourth and four, Thompson picked up eight to the Rotan 30. Phariss gained six before Willis lost one, Phariss picked up three more and then Thompson gained four for another first down.

Willis picked up two yards and then Rodgers kept for nine and a first down at the seven. Thompson gained two and then went in for the score from the five. Willis added

the point after to give the Pipers a 21-7 lead with 38 seconds left in the game.

Rotan completed two passes in the four plays to move to the Hamlin 46 before the clock ran out.

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the residential homesteads of persons at least 65 years of age and the political subdivision may increase this amount.

The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources.

Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer.

The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 5 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment.

A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued.

The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

questionnaire that is completed by students at home as part of the registration process.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors, as well as to colleges designated by the students.

It is recommended that students use the ACT Assessment Program in their junior year or early senior year of high school in order that the resulting information can be of maximum value and assistance in the students' educational planning. The basic student fee for the program is \$7.50.

The Hamlin PTA Magazine and Hamlin Herald Drive will be Oct. 10-20.

Test Dates for College Bound Students Set

Students at Hamlin High School who are planning to go on to school after graduation will have five opportunities to take the Test Section of the ACT (American College Testing) Assessment Program during the 1975-76 school year.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, Oct. 18. Students planning to take the exam on that date must have registered by Sept. 22, it was announced by Mrs. Frank Codington, Counselor.

Announced also was the

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature shall establish additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution.

If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

moved the ball well, showed a strong running attack down inside the 20 where it can really get tough and played excellent defense.

In spite of their big loss to the Tigers last week we suspect that Haskell will come to play Friday night as we have never known a Haskell team that did not play well against Hamlin.

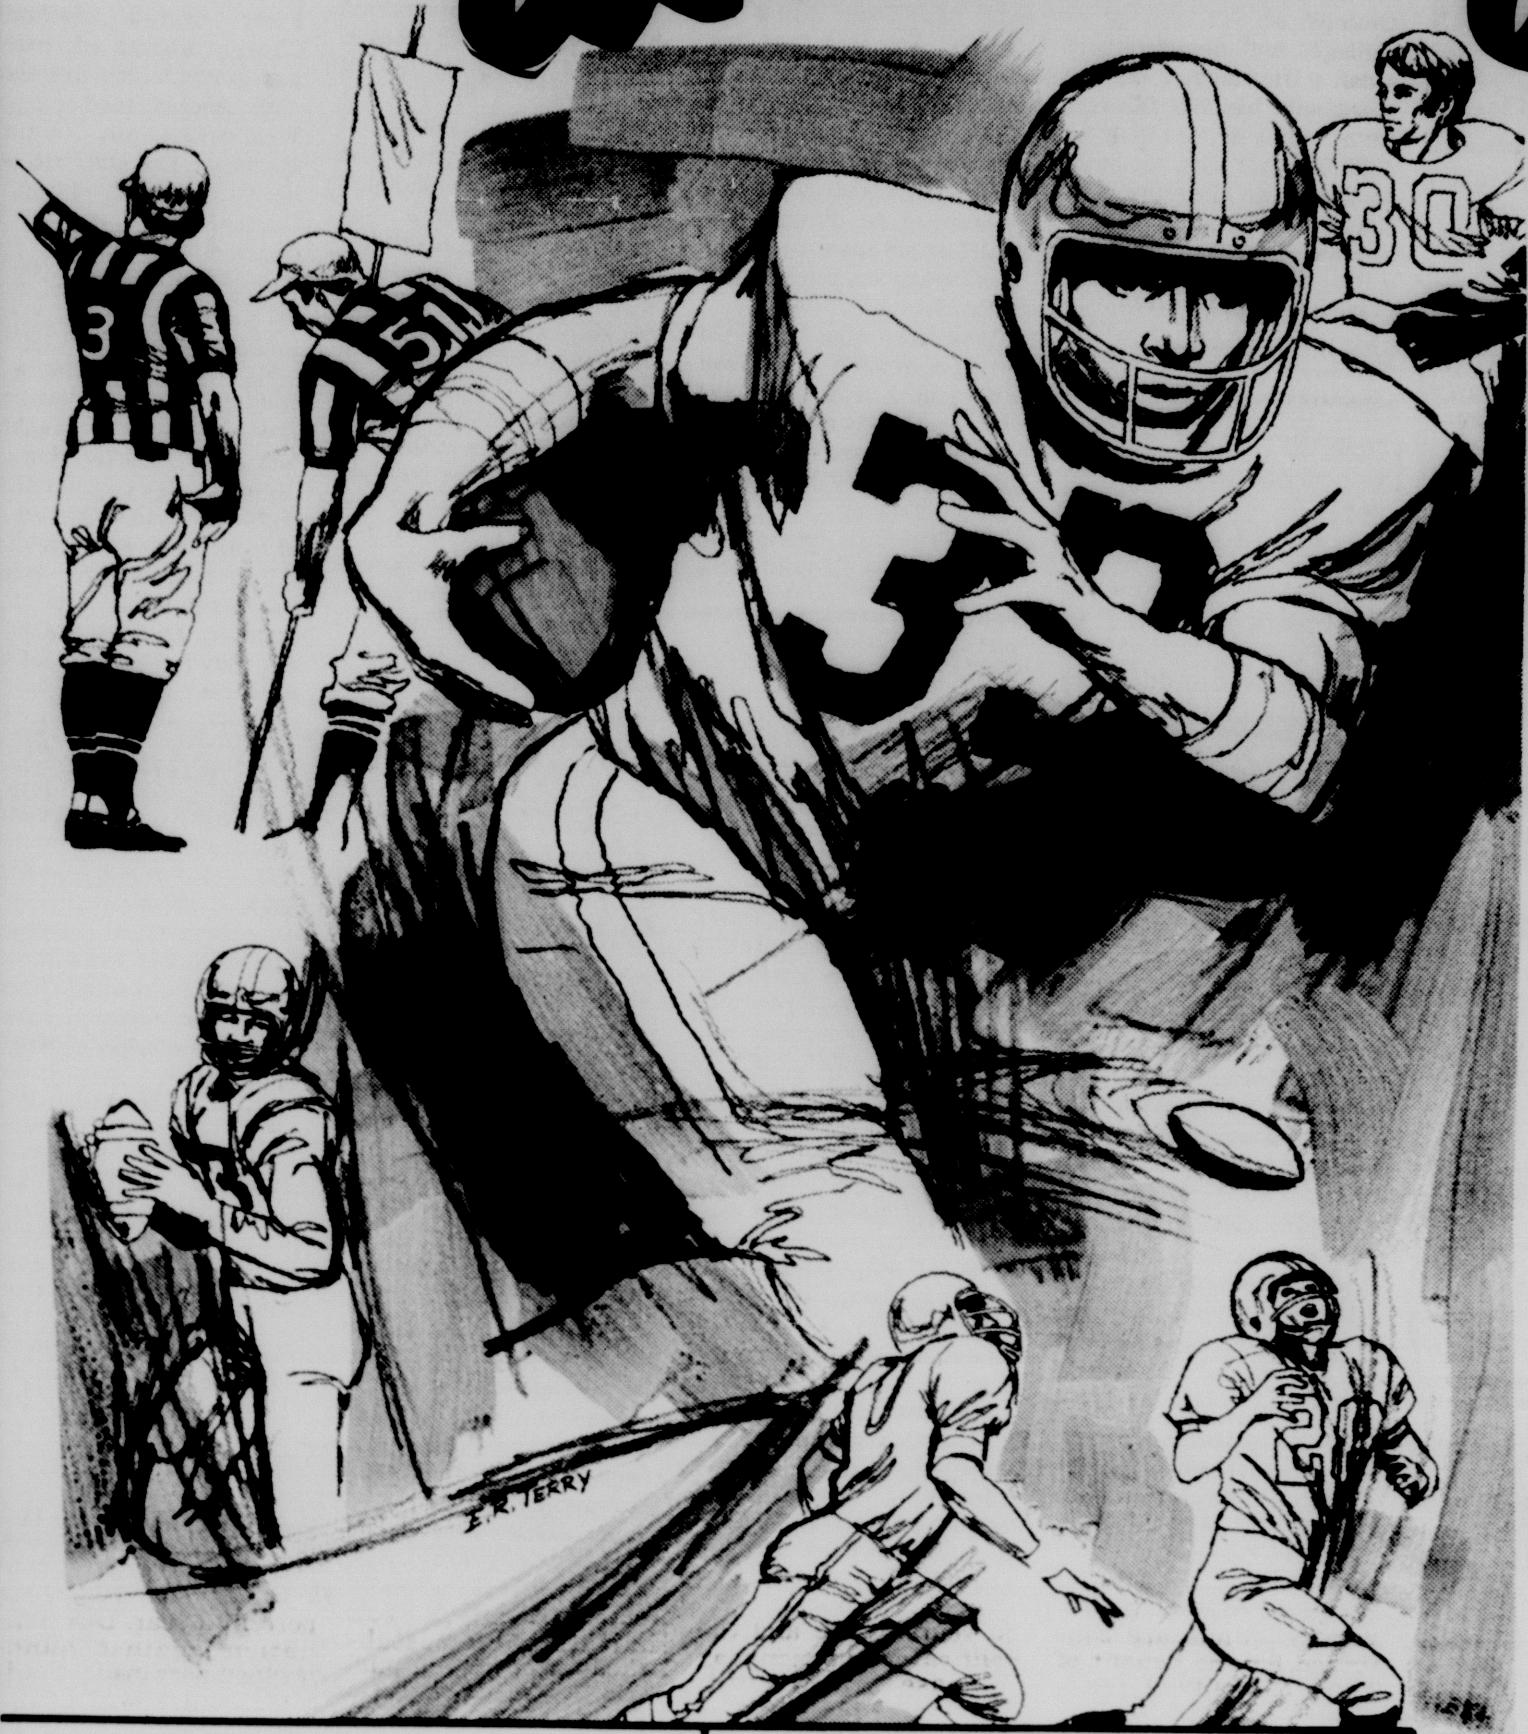

Bill Harbert passed along a clipping from the Austin daily about Johnny Jones who has exchanged his green and white uniform for the burnt orange of Texas. Johnny was still running in shorts at the time the article was written Aug. 30 because of his elbow injury in the All Star game.

"He takes off faster than anybody we've ever had. He's a blur," Royal was quoted as saying. "I've said that if we ever got a fast one, he'd screw up our timing," he continued. "I was just joking but I did have to tell him to idle back until he got the ball because he was running over the lead halfback."

"This is the first time I've even seen him run. I don't know if he can block, catch passes or anything else," Royal said.

The article went on to say that Jones will be so far behind when he is able to start work, he can't be projected into things until the season is underway, but at least it's comforting for a coach to know he has some speed around because it's the big ingredient a back can't acquire.

Reddy's helpful tips for your Home Laundry

- * Avoid wasting hot water while laundering. Use the cold and warm water setting as much as possible to cut down on the energy needed to heat water.
- * Use the water level control on your washer. You should use less hot water for small loads.
- * Follow detergent instructions carefully. Over-sudsing makes your washing machine motor work harder than it needs to.
- * Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.

friends who have done so much for us during the sickness and recent death of our loved one, Sharon Cary Beach.

Even though during these times when the economy is so tight and people have so much to do, it is nice to find that there are those of you who still care and can find time to comfort us when we need it most.

To all of you who donated your time, money, flowers, food and most of all, your prayers, we thank you very much. The people of this community are special in as to say "love thy neighbor."

There is no way to write the appreciation that we have for what you have done. All we can say is a special Thank You and May God Bless every one of you.

Neinda Philosopher Finds Government Has Gone Too Far, It's Now Imitating Business

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has discovered something new about the government, his letter this week indicates.

Dear editor:
People are always talking about government meddling in business, which is different from business meddling in government, but I have discovered an altogether new side to this situation.

Of course there's nothing new about that, the first class rate has been going up steadily for the past few years — a classic example of inflation: while the quality of letters hasn't gone up, the cost of sending them has — but what is new about the rate increase is the timing. The report is that the rate will go up in December, just ahead of Christmas.

Remember what happened this past summer just ahead of the Fourth of July holidays when everybody and his kids had trips all planned? The oil companies raised the price of gasoline 3 cents.

With shrewd timing, the Postal Service plans to raise

I'll tell you, it's one thing
for government to interfere
with business, but when it

that's something else.

Who does the government
think it is, anyway? Does it
think it's as big as the oil

Changing the subject, I

he said.

You can blame the schools

16th Annual Cattlemen's Round-up For Crippled Children Set Sept. 29

As the September 29 Cattle Sale approaches, trailers are beginning to crisscross the Southwest picking up cattle donated to the 16th Annual Cattlemen's Round-up for Crippled Children. Since 1960, the annual fall Round-Up has been a major source of income for the West Texas Rehabilitation Center in Abilene, a private, non-profit treatment and diagnostic complex serving the handicapped of the Southwest.

The Annual Cattlemen's Round-up for Crippled Children has traditionally helped to fund the Center for the last quarter of the year. Round-up Chairman Charlie Morris of Abilene stated, "if folks could see what is being done for handicapped youngsters and adults at the Center, I know that they would want to be a part of it." Morris added, "in spite of the fact that last year was awfully rough on the cowman, he helped us raise almost \$150,000." "We're hoping that a lot of folks who have not been a part of the Round-up in the past will give us a helping hand this year," Morris continued.

Pledges of livestock and cash should be sent to: The West Texas Rehabilitation Center, 4601 Hartford, Abilene, Texas 79605. Or donors may call (915) 692-1633. Livestock will be transported free of charge.

Separate sales are held for cattle, horses, sheep and goats, and farm equipment.

AGENT RECOMMENDS—

Fertilizer for Small Grains

Farmers in Jones County who are getting ready to plant small grains should give close attention to proper fertilization, points out Kirby Clayton, County Agent for the Texas Agricultural Extension Service.

Fertilization of small grains is essential for profitable production, on some fields, with nitrogen especially playing a key role.

says Clayton. Phosphorus is also a key element in small grain production and in many cases will prevent freeze damage.

Clayton recommends applying phosphorus at or before planting since it is essential for seedling development, early vegetative growth and root formation. He suggests a range of application rates from 15 to 60 pounds per acre, with the higher rate to be used in soils quite low in phosphorus.

How much nitrogen to be used depends on several factors, notes Clayton, such as type of crop, yield potential and whether or not the crop is to be grazed. Since plants should not be allowed to

Stepfather Dies In Wichita, Kans.

Henry F. Waring, 84, died in Wichita, Kans., Tuesday morning, Sept. 2. He was a retired office manager for Keebler Cracker Co., of St. Paul, Minnesota.

Funeral was held September 4 in University United Methodist Church in Wichita, where he was a member.

Survivors include his wife of Wichita, one son, H. F. Waring Jr. of Rogers, Ark., a daughter, Mrs. Marge Tuttle of Connecticut, two stepsons, Marvin Carlton of Hamlin, Arthur Carlton of Wichita and a number of grandchildren.

He was a brother-in-law of Mrs. Bert Fomby of Hamlin. Mr. and Mrs. Carlton and Mrs. Fomby attended the services and returned home Sunday night.

become severely nitrogen deficient, some nitrogen should be applied in the fall, with about 30 pounds per acre a minimum rate on most Jones County soils. The remainder of the nitrogen may be put down in one to two additional applications through the season.

If a soil test shows a need for potassium, this element should be applied along with the phosphorus at or before planting.

Both forage and grain production were reduced last year because a number of producers skimped on fertilizer, points out Clayton. With fertilizer supplies increasing, he advises producers to take a close look at their fertilization program.

CAPITAL HIGHLIGHTS—

Impeachment Trial Postponed

AUSTIN — Senate impeachment trial of 229th District Judge O. P. Carrillo has been postponed until September 29.

Senators agreed to the delay since Carrillo faces trial this week in a Corpus Christi federal court on an income tax indictment.

In opening preliminaries, the Senate resolved itself into a court of impeachment and adopted rules for the historic trial—third proceeding of the type in a century involving a Texas public official.

Carrillo's attorneys filed a 170-page answer to the House impeachment resolution of August 5, denying all 10 charges and challenging sufficiency of the allegations. The answer remains as pending business when senators return to Austin late this month to begin taking testimony.

The 51-year-old judge, whose district includes Duval, Jim Hogg and Starr counties, is accused of abusing judicial authority, political conspiracies and use of Duval County personnel

and equipment for personal benefit.

Carrillo's motion to disqualify Atty. Gen. John Hill and his staff from assisting the House prosecutors was rejected 23-7.

Senators imposed on the prosecution a duty of proving a reasonable doubt" to gain a two-thirds vote for removal of the judge, whose troubles date back to a break with the old George Parr political faction in Duval County.

Both forage and grain production were reduced last year because a number of producers skimped on fertilizer, points out Clayton. With fertilizer supplies increasing, he advises producers to take a close look at their fertilization program.

REHEARSING FOR FAIR PERFORMANCES—The Sound of Celebration, under the direction of Lynn Mink, center receive his instructions at the Saturday evening rehearsal in preparation for the performances at the West Texas Fair. The group performed Wednesday evening and will be featured again at 9 p.m. Saturday. Rehearsing are, from left, Tracy Asher, Allen Young, Kyle Jackson, Jeanie Vaughn, Terry Mink, Tracy Gregory, Alan Steele, Sheri Mink, Jena Hawes, Linda Wnite, Jamie Jones, Andy Contreras, Edwin Wheat and Wayne Wheat. Not pictured are Jan Ford, Brett McCracken, Elaine Carlton, Stephanie Hymer and Paul Reynolds. Within this group, several of the singers are grouped together to perform as Reflections, The New Image and Sunshine. These are also featured in the performance. The appearance of the youth is by invitation of Hamlin's Bicentennial committee, to represent Hamlin at the Fair.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Today is the day that you need to take time out to vote in the school bond election. We hope that you will find it to be of the best interest of yourself and the school district to vote for both propositions on the ballot but regardless of how you wish to vote it is very important that you do vote.

In several issues of this column we have tried to point out the need for this building program and that in the long run this is the best program for our district. If this bond election fails there will just have to be another one called and I just don't see how the price tag can be lowered enough to make much difference without eliminating some of the more desirable features of this issue.

As we tried to point out earlier, it would seem to us that very much delay could cause inflation to eat up much of the savings that could be found by eliminating some of the smaller items from this proposal. It would appear to us that the board could cut out the air conditioning project, the new band hall, the high school resource center and still not come up with a bond issue that would not cost nearly as much as this one as far as the amount of tax increase it would take to pay for it.

To make a really sizable dent in the amount of bonds needed would require the elimination of the auditorium, the physical education plant and the vocational training center. And we just do not think that this is what the people of Hamlin really want.

But regardless of how you feel about this issue, please go to the polls today and express yourself. This issue should be settled by all the registered voters and not by just a few. Even if the issue fails, the board can not get a true sense of direction if only a handful of voters turn out.

Remember you have until 7 p.m. tonight (Thursday) to register your feelings on this issue. So Please Vote!

The day that Hamlin football fans have been waiting on since last fall finally arrived Friday night and we got another football season underway. And the Pipers got off to a good start with their 21-7 victory over their longtime rivals, the Yellowhammers.

From our spot on the sidelines, the team looked very good in their season opener. They made mistakes that probably cost them some touchdowns but still they

Barbecue

The Pied Piper Booster Club will serve a barbecue dinner Friday evening, Sept. 26, before the Cisco-Hamlin football game, according to Johnny Steele, club president.

The dinner will be served from 5 to 7 p.m. in the high school cafeteria. Proceeds will be used toward recent projects of carpeting the field house at Piper Stadium and new weight equipment purchased in the spring.

Other 1975 officers are Mrs. Bob Craig, vice president; James E. Rodgers, secretary-treasurer; Robert Moore, Robert Phariss, Archie Tomlinson and Mrs. Harold Nelson, directors.

Tickets will be placed on sale this week, Steele said.

The next performance will be at 9 p.m. Saturday. The selections being presented on the huge stage are patriotic and sacred.

Appearing are the Reflections, Elaine Carlton, Stephanie Hymer, Kyle Jackson, Terry Mink, Paul Reynolds and Alan Steele; The New Image, Terry, Sheri and Gary Mink; and Sunshine, Jamie Jones, Sheri Mink and Linda White.

These singers also join with Tracy Asher, Andy Contreras, Jan Ford, Tracy Gregory, Jena Hawes, Brett McCracken, Jeanie Vaughn, Edwin Wheat and Wayne Wheat to perform as the Sound of Celebration.

Allen Young operates the sound equipment and Mrs. Lynn Mink plays the electric piano.

Bake Sale Set

Beta Theta Chapter of Beta Sigma Phi will have a bake sale Saturday beginning at 9 a.m. in front of Piggly Wiggly supermarket.

Cakes will be \$5 and pies will be \$2.50. Special orders may be placed with Mrs. Randy Brown, 576-2612.

Visiting Mrs. Tom Routh last week were Mrs. Grace York and son, Gene, and grandsons, Terry and Darrell, all of Greeley, Colo.

Tickets will be placed on sale this week, Steele said.

School Bond Vote Set Today In Gym

Hamlin voters will go to the polls today (Thursday) to decide the fate of two bond proposals of the Hamlin Independent School District. The first proposal to be voted on by local voters will be for \$1,250,000 for school construction and the second proposal will be for \$75,000 for the construction of a track.

Voting will be held at the Public School Gymnasium and will start at 8 a.m. and close at 7 p.m. All registered voters living within the School District are eligible to vote on the two proposals.

The building program would include a new middle school, complete with a

physical education plant and a vocational education facility, a 900-plus seat auditorium which would include a new band hall to serve both the new middle school and the high school; air conditioning of the three older buildings (elementary, primary and Early Childhood Development Center); and converting the high school patio into a resource center.

The new middle school would be located on the property owned by the district that is now being used for the Little League Ballpark. The auditorium would be located between the high school and the new school building to serve both units.

According to Tommie J. Huckabee with the Andrews based architectural firm of Riherd and Huckabee, the complete new middle school complex is estimated to cost about \$1,050,000. The auditorium and band hall is expected to cost about \$550,000, the air conditioning

project is estimated to cost \$100,000 and the remodeling of the high school is expected to cost about \$50,000.

The total project is estimated to cost \$1,750,000 with monies collected from insurance on the buildings destroyed in the March fire making up the difference between the project cost and the amount of the bonds.

The 20-year bonds will call

for a 36-cent tax increase, with the track proposal calling for an additional 2 cents. Based on this, property within the district with a market value of \$10,000 would

Pipers to Host Haskell Friday

The Pipers will play their first home game here Friday night when they host the Haskell Indians with the kickoff set for 8 p.m. The Pipers will be looking for their second win of the young season while the Indians will be trying for a comeback from their 47-13 loss to the Anson Tigers.

Hamlin scouting reports indicate that the Indians have a much better team than their score with the Tigers would indicate. Mistakes proved costly for Haskell as they gave up the ball six times on five fumbles and a pass interception. Mistakes and penalties plagued the Indians in the first half and Anson took advantage to build its 21-0 cushion.

Because of the Indian mistakes, the Tigers ran only three offensive plays from their own end of the field in the first half.

Commenting on his own game that was also plagued by fumbles, Coach David Bonds said that he was more than pleased with the way his team played against Rotan

(175 pounds) at the tight end positions, Eddie Medford (180 pounds) and Larry Jackson (180 pounds) at the tackles, Jamie Mickler (180 pounds) and George Brown (160 pounds) at the defensive ends, Les Lane (172 pounds) at center and

In the five-man defensive line will be Jessie Billington (175 pounds) and Johnnie Hawkins (180 pounds) at defensive ends, Les Lane (172 pounds) and Jamie Mickler (178 pounds) at defensive tackles, and George Brown (165 pounds) at nose guard.

Middle linebackers will be Rex Pittman (180 pounds) and Johnny Larned (165 pounds), at the corners will be Frank Jordan (155 pounds) and James Wilson (140 pounds) and at safety will be Randy Hemphill (180 pounds) and Cris Love (165 pounds).

In other district 6-AA action last week Ballinger defeated Brady, 20-7, Breckenridge downed Stamford, 21-6, Coahoma defeated Reagan County, 13-6, Colorado City won over Slaton, 14-13, and Clyde defeated Winters, 13-6.

Girl Scout Leaders Hold Meeting Here

A service unit meeting under the direction of Lynn McKinney, field representative of West Texas Girl Scout Council, Abilene, was held Monday in the home of Mrs. Johnny Waldrop, Hamlin service unit chairman.

Six Brownie and Girl Scout troops have been organized and about 70 girls in the first through sixth grades have registered.

Troop leaders made plans for making a float for Homecoming and the upcoming Girl Scout calendar sale. The Girl Scout Hut is being remodeled with new wallboard by Gary Finley and his vocational agriculture class, Luther Building.

Newspaper Club House

Half the fun of any club is its meetings. Build this club house in the backyard or basement and hold those meetings in privacy.

About 4½ feet square, the house takes 72 newspaper rolls and an old sheet to build it.

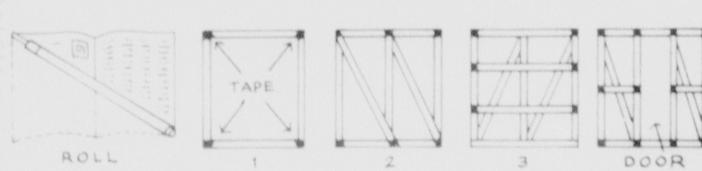

To make each roll, use four double-spreads of newspaper. Roll diagonally, as tightly as possible; tape to hold. To make long rolls, insert the end of one into the end of another; trim ends before joining. Use a small saw to cut through centers, if necessary.

For each wall, tape rolls in a square on the floor (1). Tape one roll across center, dividing wall in half; tape a roll diagonally across each half (2). Now, turn the whole piece over and, spacing

them evenly, tape two rolls at right angles to the center roll (3). Make three such walls.

On the fourth wall, allow a space for the door by placing two parallel rolls from top to bottom. Place a diagonal roll in the space on each side of doorway and a crossbar roll at the center of each side space. Lift the four walls upright and tie securely at the corners. Cover with a sheet.

Pipers Open Season With 21-7 Victory Over Rotan

Three lost fumbles kept the Pipers from turning their opener Friday night against the Rotan Yellowhammers into a runaway. The Pipers combined a strong running attack with a solid defense to overpower the Yellowhammers, 21-7, at Rotan.

The Piper running game rolled up 316 yards as their big fullback Delbert Thompson ripped the Rotan defense up the middle and their two fleet halfbacks, Daniel Willis and Robert Phariss, ran the Wishbone option to near perfection. Thompson was the night's leading ground gainer with 165 yards in 27 carries. Willis carried 18 times for 126 yards and Phariss added another 38 yards on 9 carries.

The Piper defense held the Yellowhammer rushing attack to only 37 yards, but the strong passing combination of Frank Lopez to Kim Gray was good for nine completions and 128 yards. Lopez completed 10 of 22 passes for 135 yards, but lost two interceptions to the Piper defense to mar his night's work.

The Piper offense seemed to move the ball at will against the Yellowhammers only to have would-be touch-downs stopped by fumbles and penalties. The Pipers lost three fumbles inside the Rotan 20, with one lost at the two, one at the eight and one at the 20.

The Pipers took the opening kickoff with Phariss returning it 29 yards to the Rotan 48. Two plays later the Pipers owned a first down on the Rotan 16 but then were struck by the first fumble as Thompson lost control of the ball at the Rotan eight.

Rotan picked up only five yards in three plays and punted out to the Rotan 48. It took the Pipers five plays to cross the goal line with Willis taking the option pitch from Quarterback Gerald Rodgers in from the five. Phariss carried once for 13, Willis twice for four and five yards and Thompson twice for seven and 19 yards. Willis kicked the point after to give the Pipers a seven-point lead with seven minutes left in the first period.

Following the kickoff the Yellowhammers put their passing attack into action and crossed into Piper territory to the 49 before Raymond Jordan picked off a Lopez pass from his corner position

and returned it 15 yards to the Rotan 41.

The Pipers moved down to the Rotan two yard line before giving up their second fumble.

Rotan completed a 32 yard pass from Lopez to Gray to move out to the 37, but two plays later lost the handle on the ball with Thompson recovering for the Pipers at the Rotan 40.

The combination of Thompson, Willis and Phariss, behind excellent line blocking moved the 40 yards in 12 plays with Thompson going over left guard for the final yard. Willis again kicked the point after and the Pipers owned a 14 point lead with 3:21 left in the half.

While picking up only two yards on the ground, the Yellowhammers moved down to the Hamlin 27 on the passing combination of Lopez and Gray before Paul Reynolds picked off a Lopez pass with just seconds left in the first half.

Rotan took the second half kickoff and were able to gain only five yards in three plays and punted to the Hamlin 32. The Pipers picked up a first down at the 46 before drawing a 15 yard penalty to put them back on the 31. The Pipers failed to gain the needed yardage and punted to the Rotan 42.

Rotan picked up two first downs on the passing of Lopez to Gray before running out of downs at the Piper 22.

The Pipers picked up a first down at the 33 but then drew two 15 yard penalties to end up punting from their own 37. Rodgers got off a 47 yard punt to the Rotan 20. The Piper punt coverage broke down on the return and James Goodwin raced down the right sideline for 80 yards and the lone Yellowhammer touchdown of the evening. Goodwin kicked the point after to close the Piper lead to seven points.

The Pipers moved down to the Rotan 20 before losing their third fumble of the night.

Rotan could only pick up four yards in three plays and

punted out to the Piper 45. The Pipers unleashed their potent ground attack on the Yellowhammers again with Thompson gaining eight yards before the Pipers drew a five-yard penalty and then Rodgers was dropped for an

eight-yard loss trying to pass. Facing third and 15, the Pipers ran the option to Willis and the speedster picked up the first down with a yard to spare. Thompson carried for three, Rodgers had a pass go incomplete and Willis picked up three. With fourth and four, Thompson picked up eight to the Rotan 30. Phariss gained six before Willis lost one, Phariss picked up three more and then Thompson gained four for another first down.

Willis picked up two yards and then Rodgers kept for nine and a first down at the seven. Thompson gained two and then went in for the score from the five. Willis added

the point after to give the Pipers a 21-7 lead with 38 seconds left in the game.

Rotan completed two passes in the four plays to move to the Hamlin 46 before the clock ran out.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is re-

tained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

questionnaire that is completed by students at home as part of the registration process.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors, as well as to colleges designated by the students.

It is recommended that students use the ACT Assessment Program in their junior year or early senior year of high school in order that the resulting information can be of maximum value and assistance in the students' educational planning. The basic student fee for the program is \$7.50.

The Hamlin PTA Magazine and Hamlin Herald Drive will be Oct. 10-20.

Test Dates for College Bound Students Set

Students at Hamlin High School who are planning to go on to school after graduation will have five opportunities to take the Test Section of the ACT (American College Testing) Assessment Program during the 1975-76 school year.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, Oct. 18. Students planning to take the exam on that date must have registered by Sept. 22, it was announced by Mrs. Frank Codington, Counselor.

Announced also was the

complete schedule of 1975-76 national test dates for the ACT Assessment Program. The dates (with registration periods in parenthesis) are:

Oct. 18, 1975 (Aug. 18-Sept. 22); Dec. 13, 1975 (Oct. 20-Nov. 17); Feb. 14, 1976 (Dec. 15-Jan. 19); April 10, 1976 (Feb. 16-March 15); June 12, 1976 (April 12-May 17).

On those national test dates it takes students about three hours to complete the four standardized exams that make up the Test Section. Another important section of the ACT Assessment Program is a two-part

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are discontinued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount.

The legislature by law may exempt from ad valorem taxation certain property owned by veterans organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a majority of the qualified voters of the county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution.

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tract for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

NEWS AND VIEWS...

And What Have You

—Continued from page One

moved the ball well, showed a strong running attack down inside the 20 where it can really get tough and played excellent defense.

In spite of their big loss to the Tigers last week we suspect that Haskell will come to play Friday night as we have never known a Haskell team that did not play well against Hamlin.

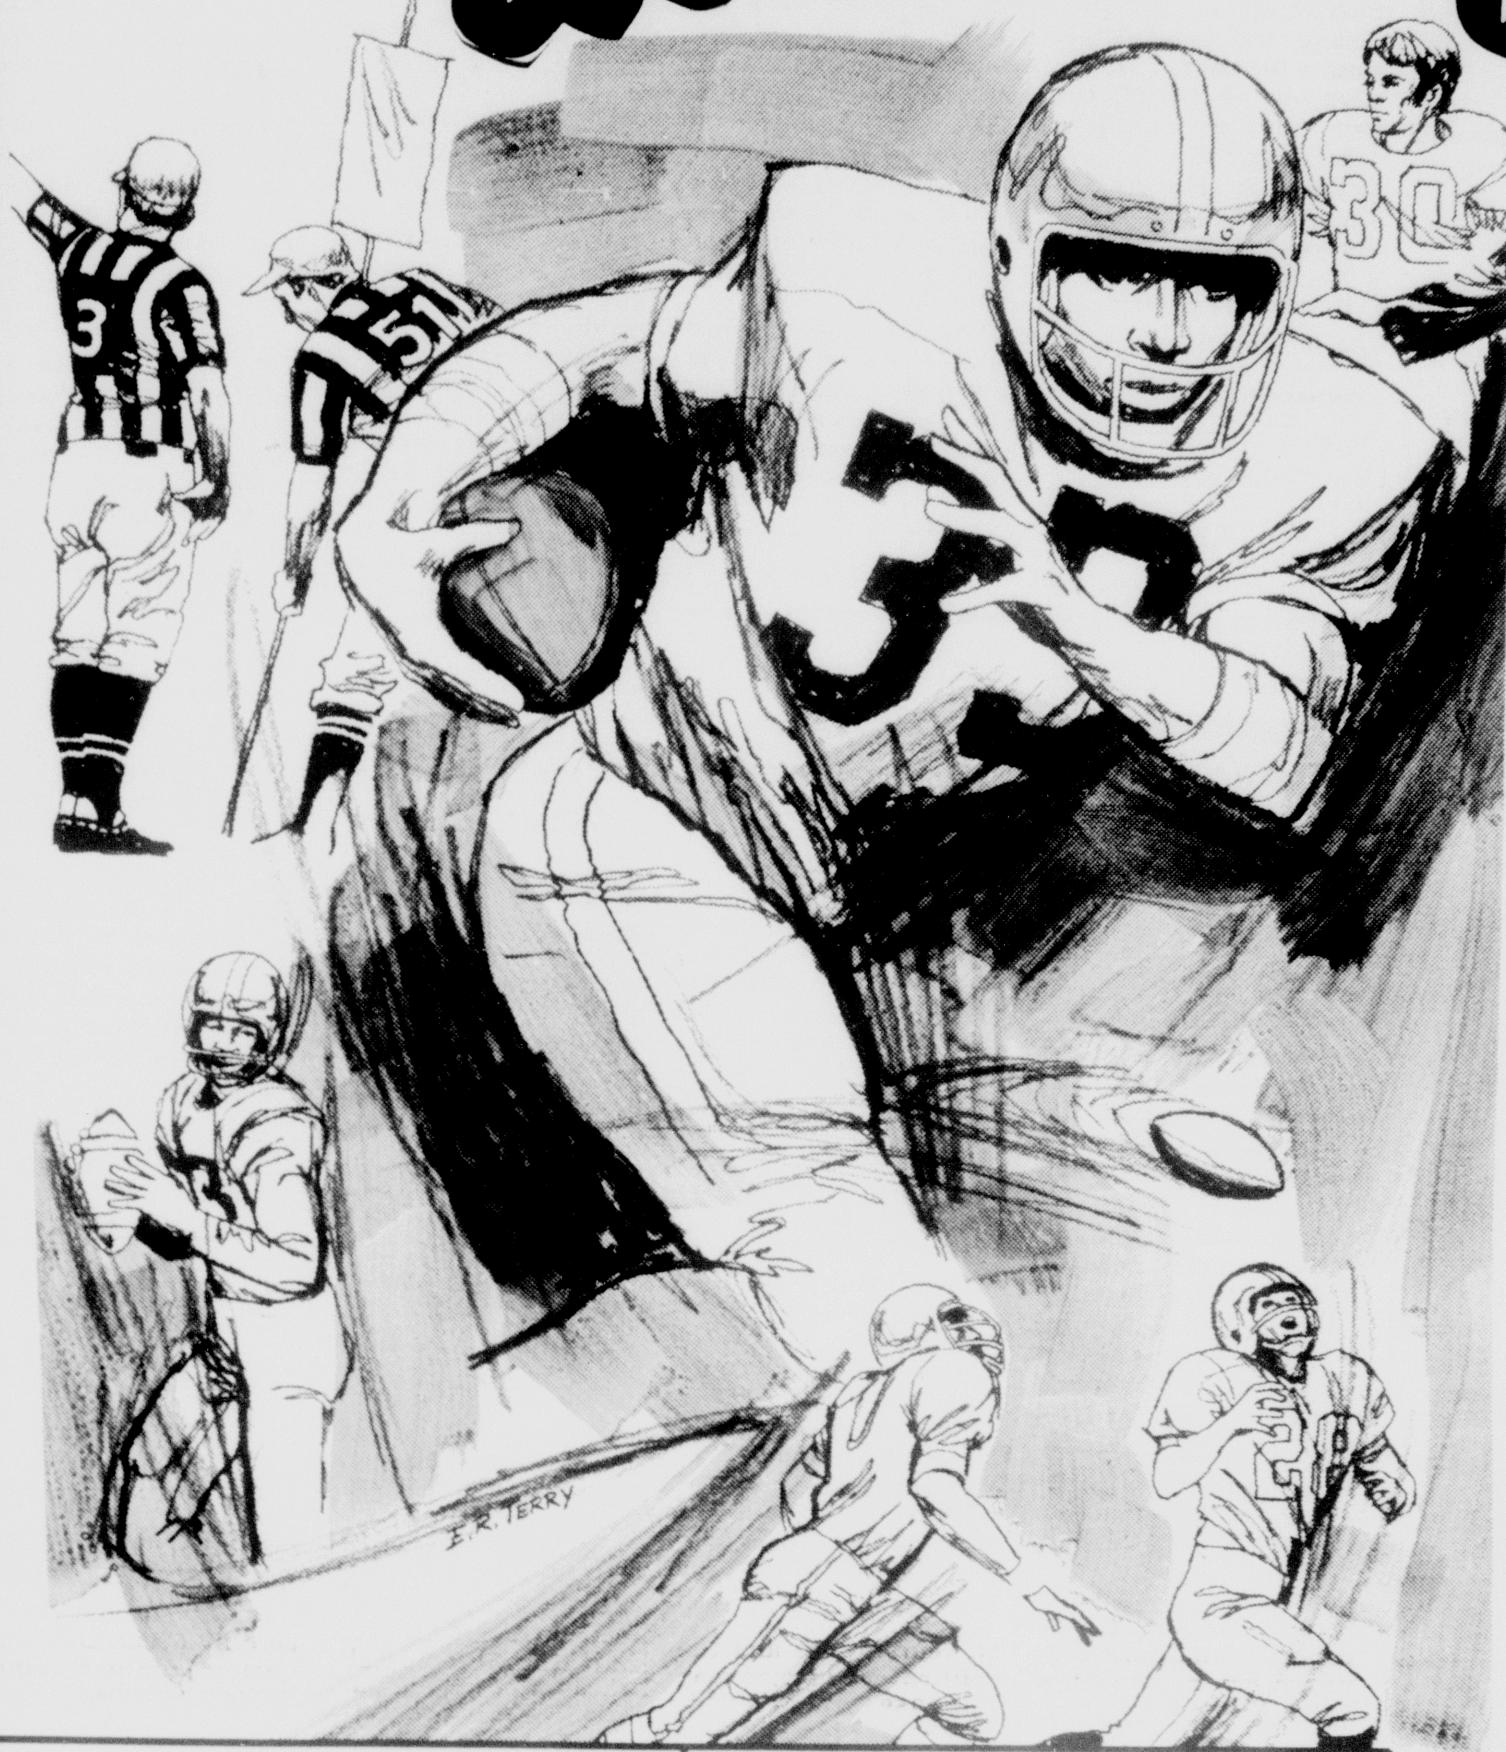

Bill Harbert passed along a clipping from the Austin daily about Johnny Jones who has exchanged his green and white uniform for the burnt orange of Texas. Johnny was still running in shorts at the time the article was written Aug. 30 because of his elbow injury in the All Star game.

"He takes off faster than anybody we've ever had. He's a blur," Royal was quoted as saying. "I've said that if we ever got a fast one, he'd screw up our timing," he continued. "I was just joking but I did have to tell him to idle back until he got the ball because he was running over the lead halfback."

"This is the first time I've even seen him run. I don't know if he can block, catch passes or anything else," Royal said.

The article went on to say that Jones will be so far behind when he is able to start work, he can't be projected into things until the season is underway, but at least it's comforting for a coach to know he has some speed around because it's the big ingredient a back can't acquire.

it's kick off time!

CARD OF THANKS
We, the members of the Cary Family, would like to express our deepest thanks and appreciation to all our dear

friends who have done so much for us during the sickness and recent death of our loved one, Sharon Cary Beach.

Even though during these times when the economy is so tight and people have so much to do, it is nice to find that there are those of you who still care and can find time to comfort us when we need most.

To all of you who donated your time, money, flowers, food and most of all, your prayers, we thank you very much. The people of this community are special in as to say "love thy neighbor."

There is no way to write the appreciation that we have for what you have done. All we can say is a special Thank You and May God Bless every one of you.

Neinda Philosopher Finds Government Has Gone Too Far, It's Now Imitating Business

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks the U. S. Postal Service is planning on raising the price of mailing a letter from 10 cents to 13 cents.

Of course there's nothing new about that, the first class rate has been going up steadily for the past few years — a classic example of inflation: while the quality of letters hasn't gone up, the cost of sending them has — but what is new about the rate increase is the timing. The report is that the rate will go up in December, just ahead of Christmas.

Remember what happened this past summer just ahead of the Fourth of July holidays when everybody and his kids had trips all planned? The oil companies raised the price of gasoline 3 cents. With shrewd timing, the Postal Service plans to raise

the price of stamps 3 cents just ahead of the big Christmas card season.

I'll tell you, it's one thing for government to interfere with business, but when it starts imitating business, that's something else.

Who does the government think it is, anyway? Does it think it's as big as the oil companies?

Changing the subject, I couldn't help but notice a comment by a TV newscaster the other night while he was reporting on a teachers' strike in Chicago. "Instead of being in the class room this first day of school, the kids are instead on the streets," he said.

You can blame the schools for a lot of things these days and in many cases be right about it, but if the half-million or so Chicago kids are either in school or on the streets, something could be remarked about the parents. That is, it could except for the fact the word "chore" has been abolished from the English language.

Yours faithfully,
J.A.
